screens

The image shows a mobile application interface for editing valve settings. At the top, there is a blue header bar with a back arrow and the text "Edit Valve Settings". Below this, a light blue section is labeled "Valve 3". The main content area is white and contains three input fields: "Room No: 431", "Description" with a right arrow, and "Performance" with a right arrow. Below these fields is a section titled "Change valve setting:" which features a horizontal slider. The slider has a green-to-red gradient bar, with a white circular knob positioned at the 750 mark. The scale is marked with 0, 750, and 1000. At the bottom of the form are two blue buttons labeled "Save" and "Cancel". The entire interface is displayed on a black smartphone frame with standard Android navigation icons at the bottom.
