screens

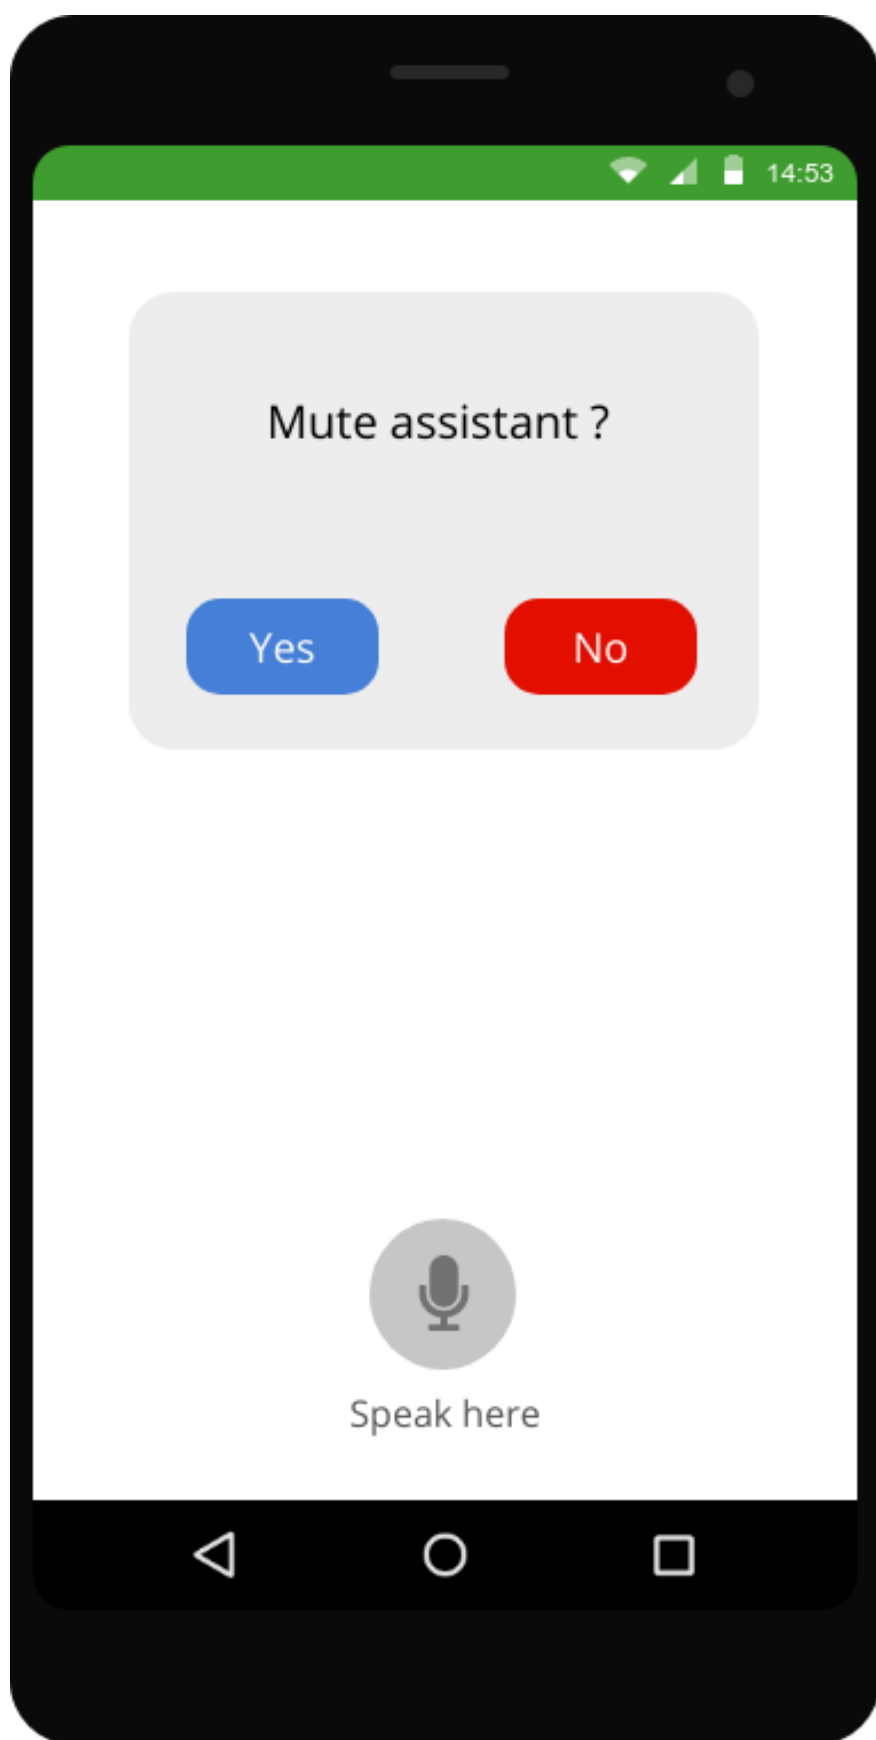

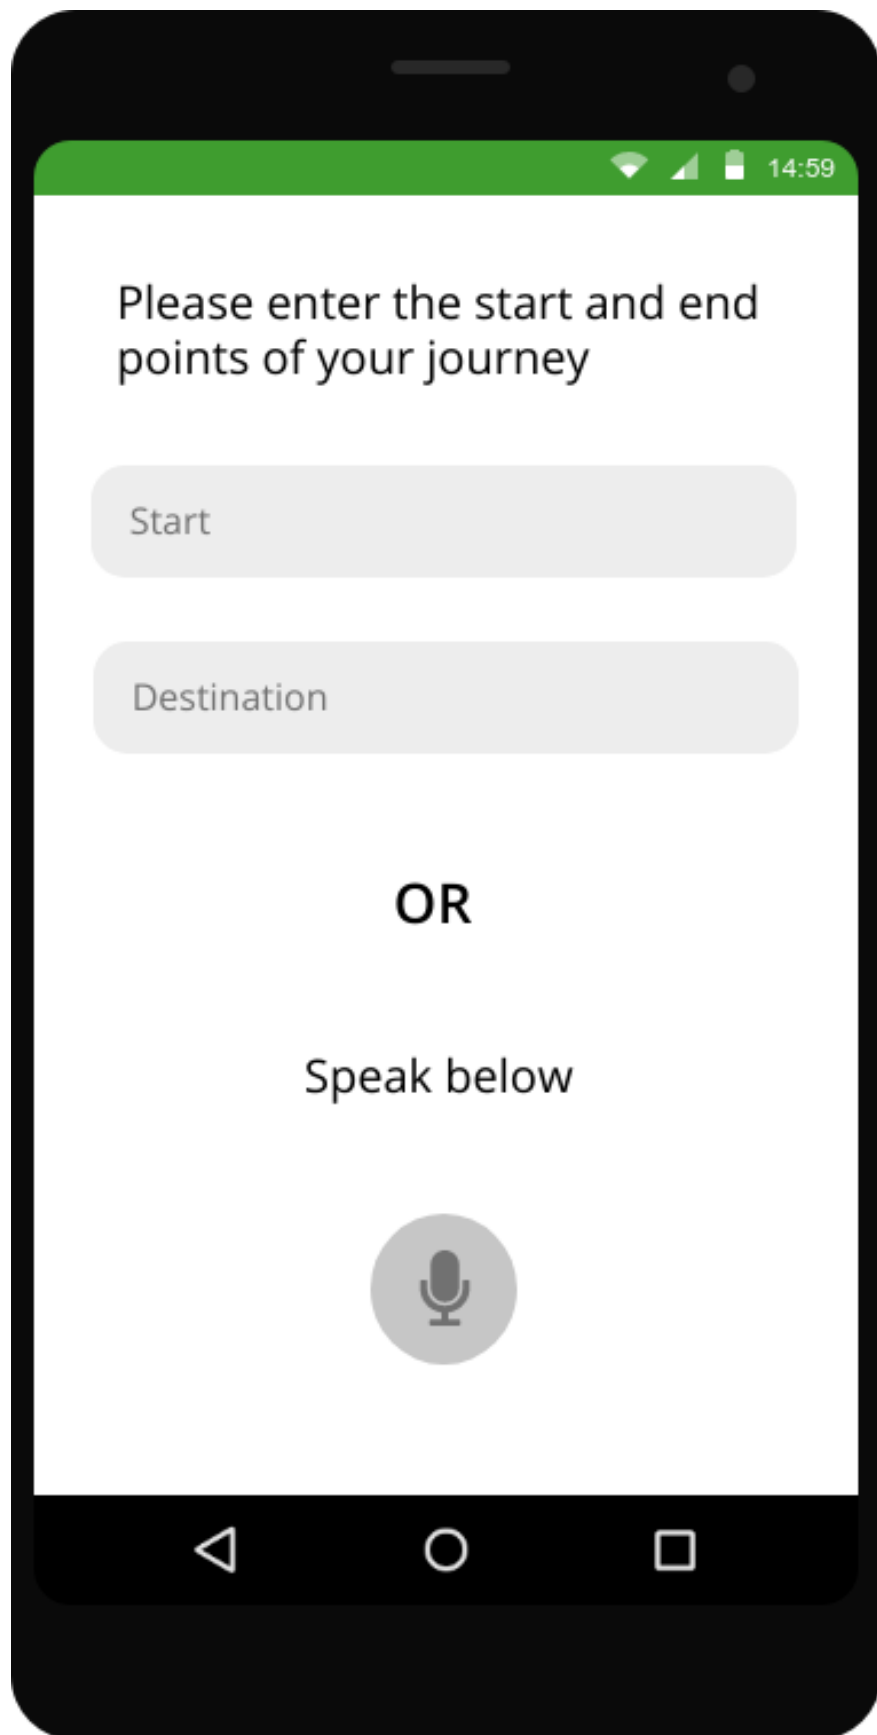

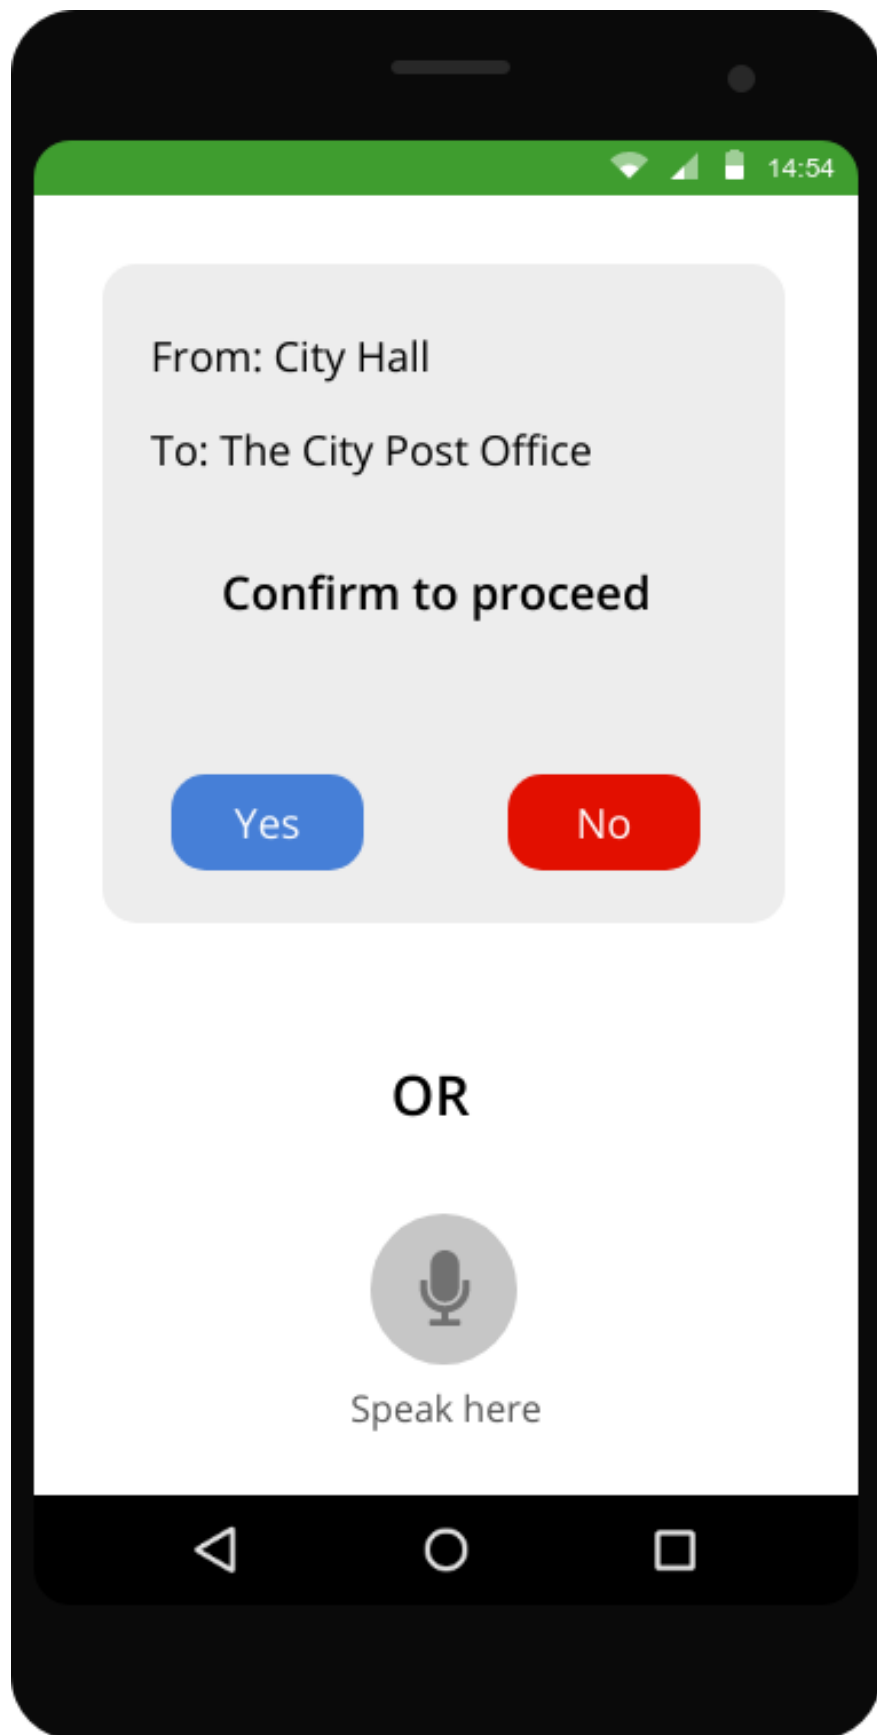

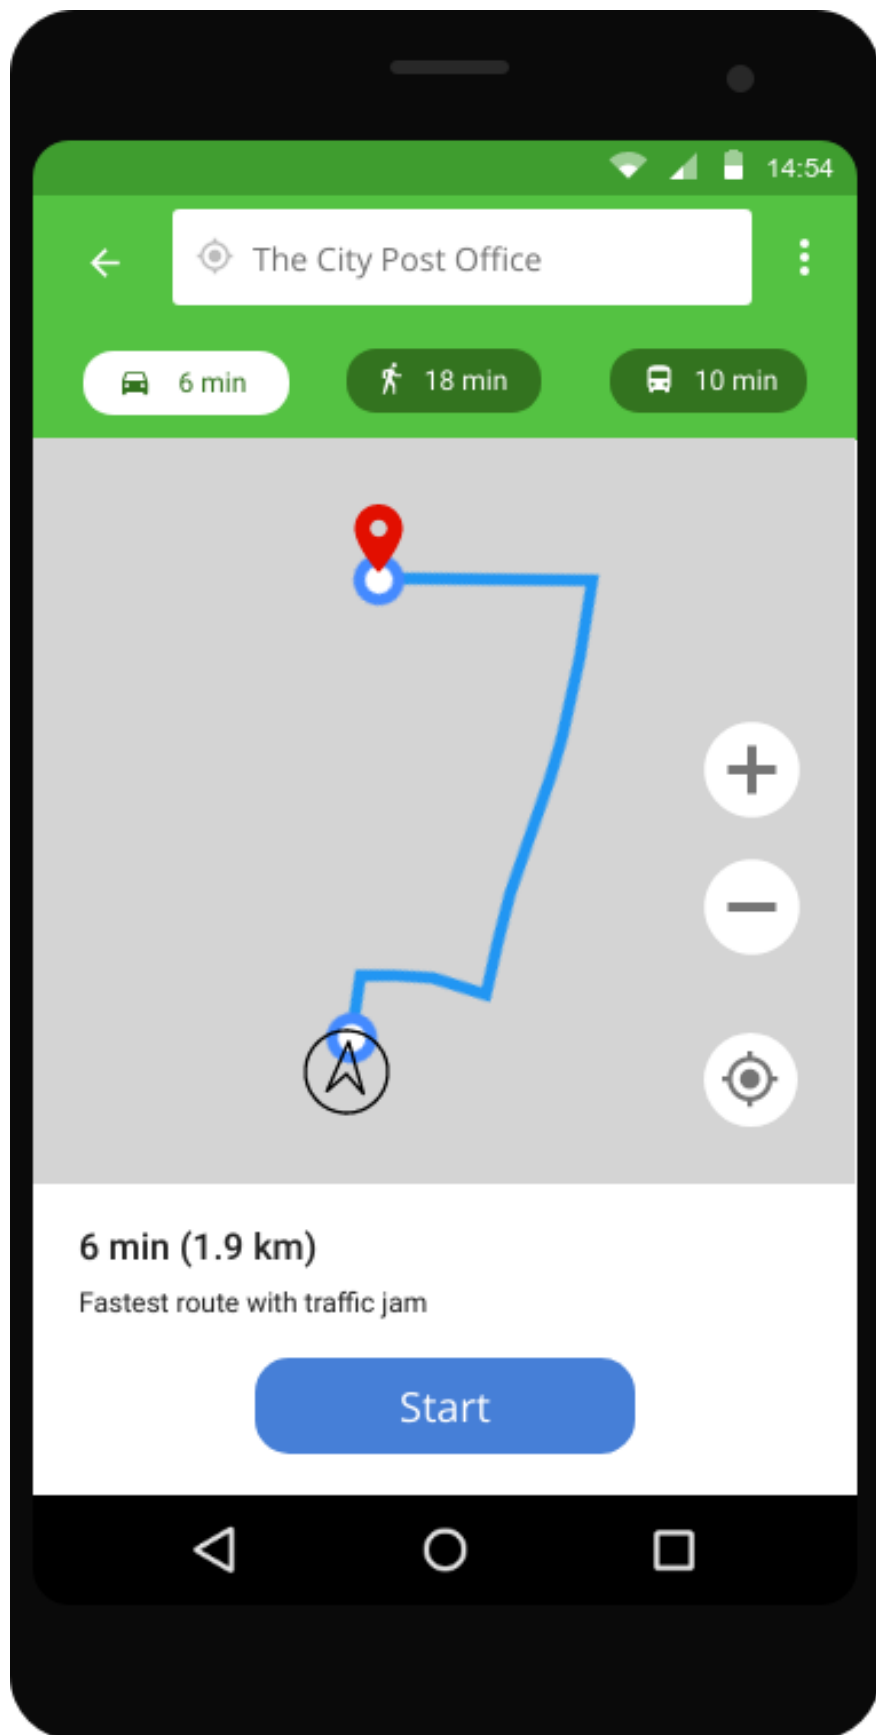

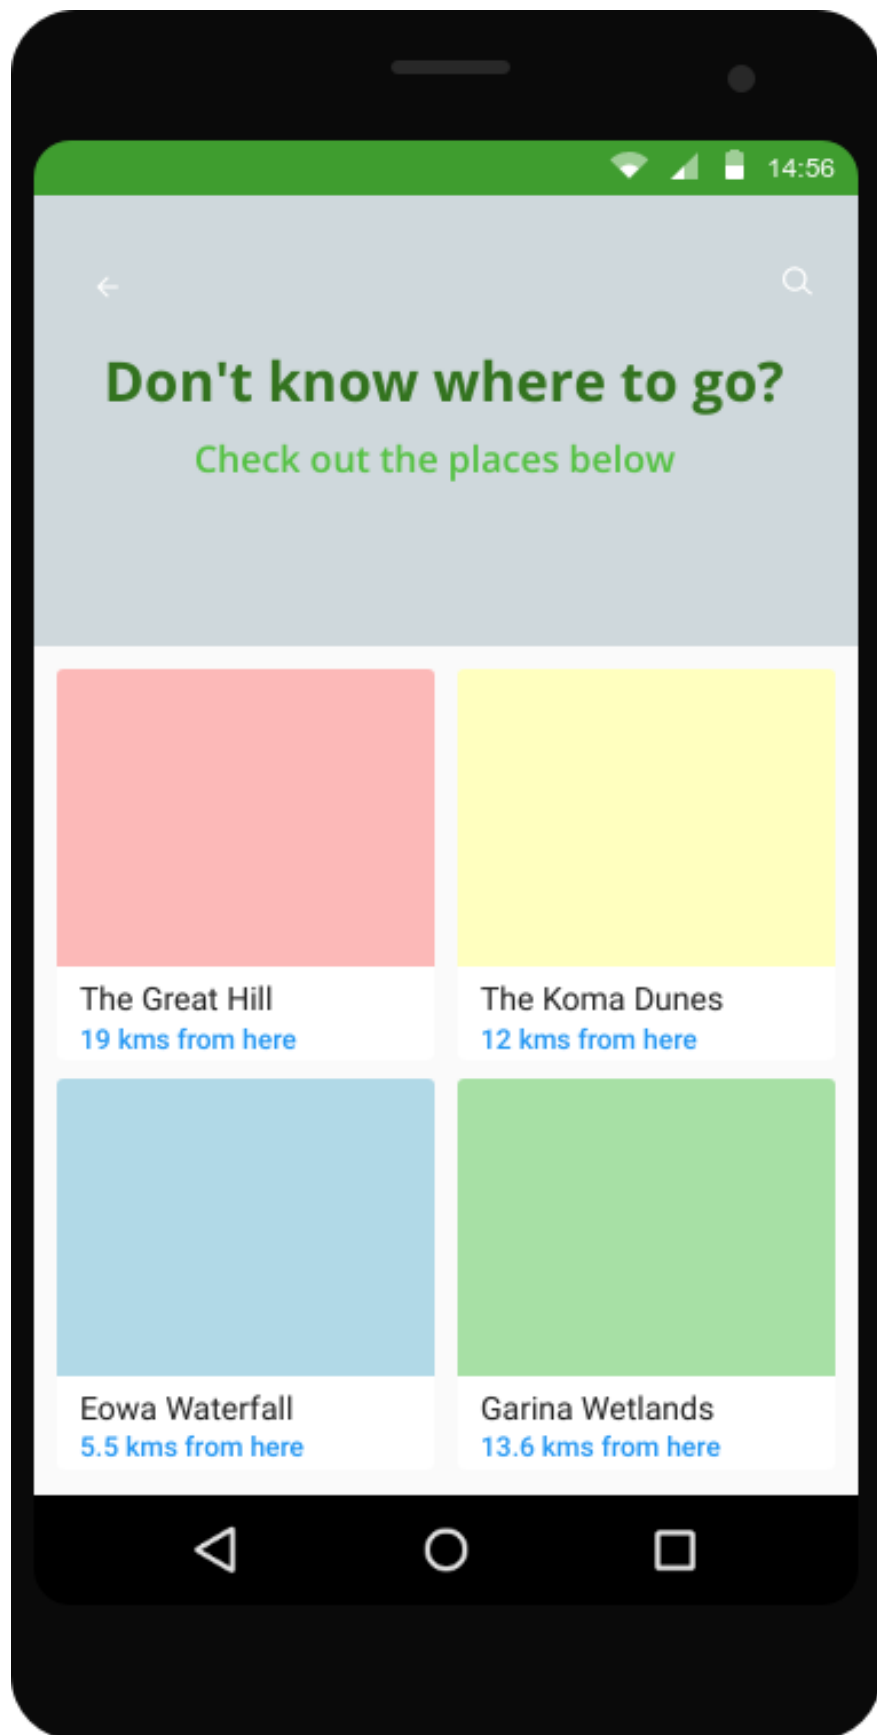

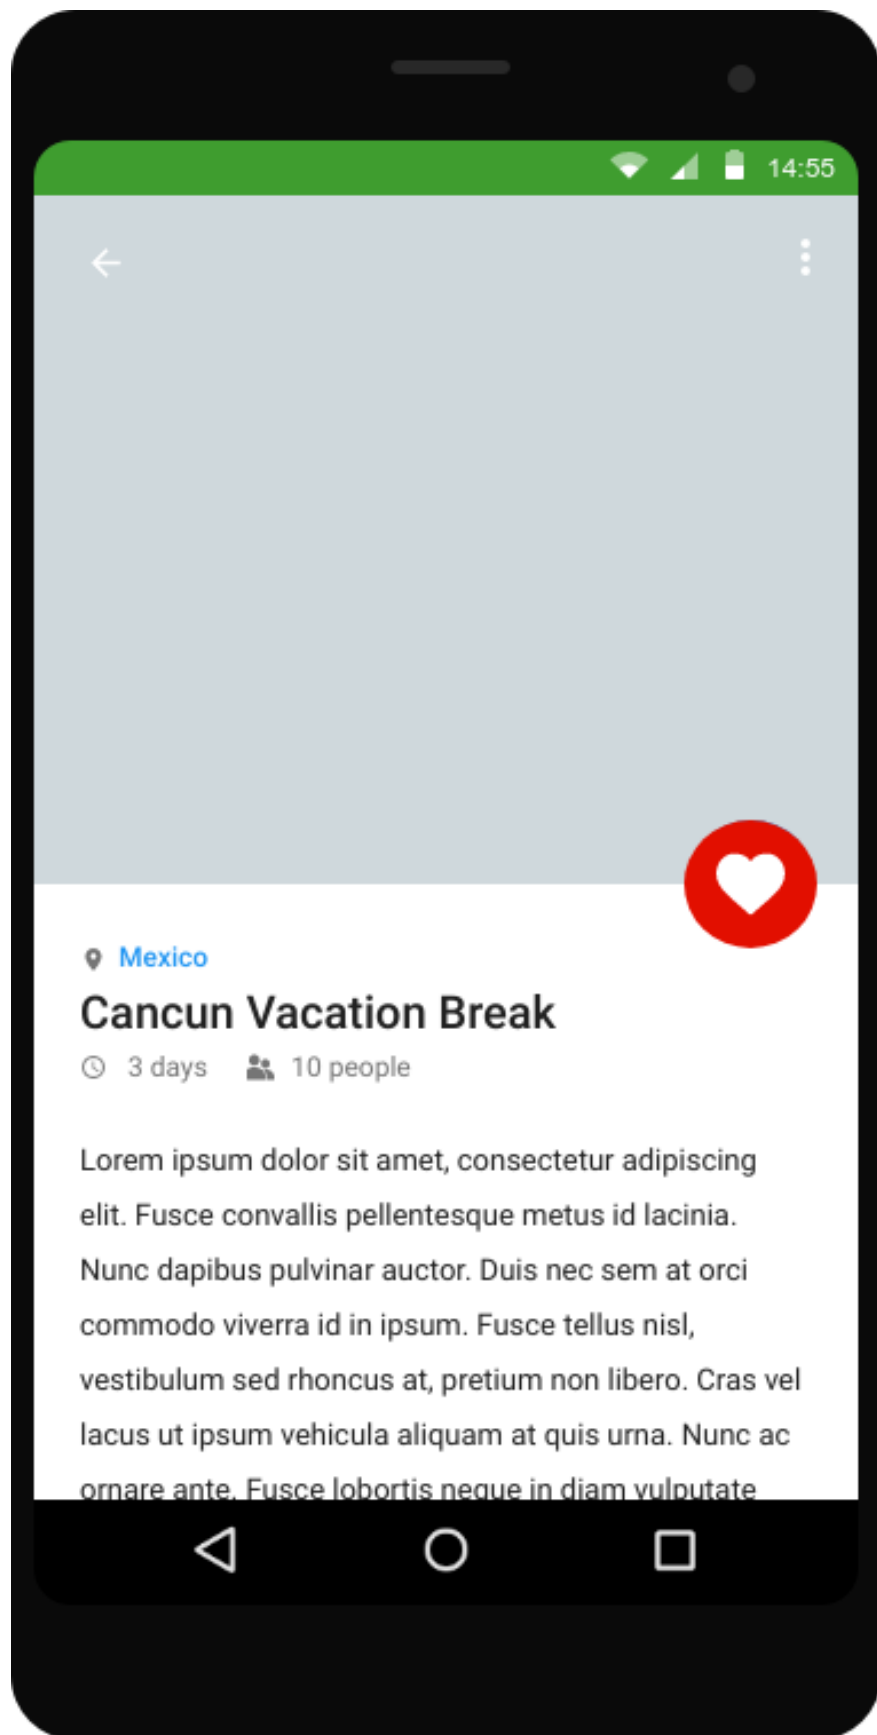

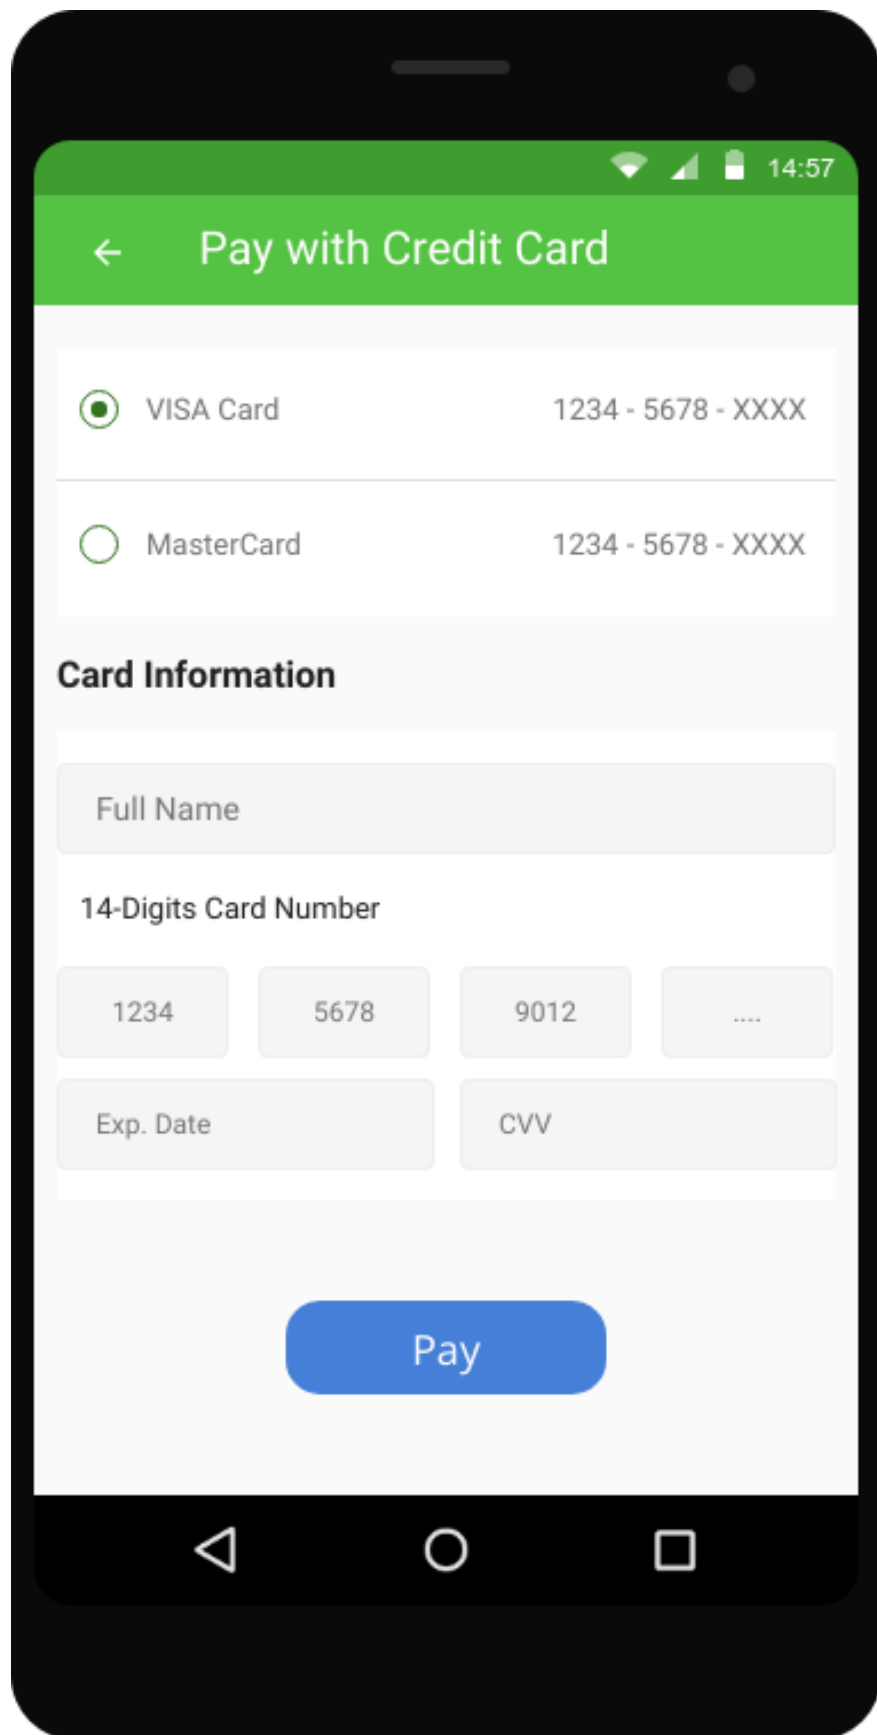

A mobile application interface for credit card payment. The screen has a green header bar with a back arrow and the title "Pay with Credit Card". Below the header, there are two radio button options: "VISA Card" (selected) and "MasterCard". Each option is followed by a card number "1234 - 5678 - XXXX". Below these options is a section titled "Card Information". This section contains several input fields: "Full Name", "14-Digits Card Number" (which is further divided into four boxes containing "1234", "5678", "9012", and "..."), "Exp. Date", and "CVV". At the bottom of the form is a large blue button labeled "Pay". The entire interface is displayed on a black smartphone frame with a white Android navigation bar at the bottom.

Pay

A mobile application interface for finding accommodation. The screen has a white background with a green status bar at the top showing the time 14:57 and signal icons. The title "Looking for accomodation ?" is centered at the top. Below it are four search filters: "Location" with a magnifying glass icon, "No of persons" with minus and plus icons, "No.of days" with minus and plus icons, and "Pricing" with a right arrow icon. At the bottom are two buttons: a red "Back" button and a blue "Proceed" button. The Android navigation bar is visible at the very bottom.
